Re: *Notice of Ex Parte Communication*
WC Docket No. 10-90
GN Docket No. 09-51
WC Docket No. 05-337

This is notice that on October 29, 2010, the Rural Iowa Independent Telephone Association mailed letters to each Commissioner as an ex parte response to the Reply Comments filed by the Iowa Utilities Board in the above dockets. The letters are attached to this Notice. These letters state that the example used by the Board in discussing high-cost Universal Service is not a representative example for discussion of the Iowa industry and is in other respects an improper example to support any comments regarding the Fund.

Sincerely,

PARRISH KRUIDENIER DUNN BOLES
